

DES ROSES HOTEL

Would you like to learn how to make organic handmade soaps?

Learn live how we do it and create your own soap fast and easy!

The entrepreneur Nikos Dovas applies the so called "cold process soap making" to produce organic handmade soaps at the garden of Des Roses Hotel.

Dear friends, As part of our new eco-tourism activities, we are proud to present our 3rd eco-tourism activity at the workshop of our Hotel. Click [here](#) to view all our activities. Our soap making activity will take place at the blooming garden of **Des Roses Hotel**. There we will show you step by step in full detail how we produce organic handade soaps.

Our live presentation will begin with a historical flashback on how ancient mediterranean civilizations started to use soaps for cleaning and hygiene purposes. Afterwards, we will explain by which chemical method organic handmade soaps are produced and placed into boxes. This particular method is called "cold process soap making".

Based on the cold process, our soaps are exclusively prepared by pure local olive oil and aromatic herbs. They contain natural glycerin, water and their oily composition regulates skin humidity and protects it from aging. They have exceptionally good antiseptic, disinfectant, antioxidant but also detergent attributes. They offer rich and creamy foam that stimulates the senses, scent perfumes, but also they exude an air of luxury. The cold process maintains the natural glycerin, it is environmental friendly and it produces 100% bio-degradable soap.

Our objective is to enhance our product as a pure traditional product and offer you the chance to use it for your personal satisfaction, hygiene, health and skin rejuvenation. Without any additional chemical components, we are certain that our soaps will meet all your needs at very attractive prices!

At the end of our presentation, we will take you to our exhibition center where you will be able to see all our products. You will be given information related to **Pelion Natural Soaps** and small samples. Furthermore, we will offer you homemade Tsipouro (pomace brandy from Thessaly) and local sweets. Our presentation will last 2 hours. The **price** per person is **8 €**. Should you have any questions, please do not hesitate to contact us via email or telephone. You may also visit our new Facebook page on <http://www.facebook.com/desroseshotel> and like us!

Duration: **2 hours**

Starting time: **19:00 pm**

Price per person: **8 € per person**

We look forward to having you with us on this soap making activity!
